This "Liberty Pole" is one of hundreds erected in America as a symbol of the colonials' resistance to British tyranny. The poles were often 100' tall serving as places to meet or post political news. The Sons of Liberty erected the first one on May 21, 1766 in Boston. Historical records indicate these poles existed across America, especially in MA, PA, NJ, NY and GA.

Resist Refugee Resettlements in USA:

Editor's Note: Sent by Shari Goodman of Calabasas-West Valley ACT at calabasasact@gmail.com.

Montana and Wyoming are fighting unvetted refugee resettlement pressure by the Obama State Department and UN directives. The Council on American Islamic Relations (CAIR), which is linked to Hamas, is organizing an action campaign to put pressure on the state. Below, Carl Goldberg suggests a specific course of action to support the 'resistance' effort by using CAIR's own tactic to counter its propaganda effort:

1. Go to the CAIR action link below and read the article, which CAIR is attacking: <https://www.facebook.com/CAIRNational/posts/10153656249842695>
2. Go to the CAIR action link below and read the article to which CAIR is attacking: Write the editors of the Wyoming paper at the link CAIR provides.
3. Your comment can address CAIR and its link to Hamas or the Muslim refugee crisis.
