This "Liberty Pole" is one of hundreds erected in America as a symbol of the colonials' resistance to British tyranny. The poles were often 100' tall serving as places to meet or post political news. The Sons of Liberty erected the first one on May 21, 1766 in Boston. Historical records indicate these poles existed across America, especially in MA, PA, NJ, NY and GA.

CAARP: GATEKEEPER TO MUSLIM IMMIGRATION

The 2008 Controlled Application Review and Resolution Program was implemented to vet immigrants suspected of posing a national security or public safety threat to the United States. Since CARRP's inception, the U.S. Citizenship and Immigration Service opened 41,805 cases on immigrants from primarily 5 birth nations: India, Yemen, Iran, Iraq and Pakistan. The Obama Administration's policy on the Syrian refugee crisis prompts this discussion.
