This "Liberty Pole" is one of hundreds erected in America as a symbol of the colonials' resistance to British tyranny. The poles were often 100' tall serving as places to meet or post political news. The Sons of Liberty erected the first one on May 21, 1766 in Boston. Historical records indicate these poles existed across America, especially in MA, PA, NJ, NY and GA.

There are two ways to be fooled: One is to believe what isn't true; the other is to refuse to believe what is true.

JUST A THOUGHT:

Editor's Note: The multiple forwarding—including one dated 10-24-2016— of 'A Christian Pastor's Analysis of the U.S. Election' prompted this probe for attribution of the true author of this honest commentary. Hint: It is not the famous pastor originally listed. This track tells how well-or-ill intended FACTS can spin into FEELINGS on the Internet. Special thanks to (AP) for this concept.
